## The Owens to Argentina

<https://www.theowenstoargentina.com/>

Praise the Lord after 8 years I am finally back in the USA for furlough and with Alma. It seemed like we would not get the VISA but God worked. Here we are in the USA. We did not have a problem in immigration because Alma has a tourist VISA and they believed going to churches is working. Praise the Lord he knows what is best for us, but they feel like we should not stay 6 months or they may revoke her VISA. So, we are going to stay less.

God is good the church progresses without the pastor. The church had about 800 in attendance 2 weeks ago and last week they had 100 visitors at church even though it was 41 degrees at church time. That is freezing cold.

Please pray that we can be a blessing to the churches while we are here in the USA. We are also raising funds to buy 2 buses and 2 vans for the church.

The church pays \$750 dollars every Sunday to run the buses. We could significantly cut that cost and even reach more people for Christ. One example of that is with 2 buses we could have youth meetings on Saturday 300 youth. We don't have the money for more reaching out to bring them to church.

Also pray for the ministry of reaching street children. Two ladies from the church are working with the kids while my wife is here. They come to church twice a week. And they pray, listen to Bible stories, learn some math and English. They are also fed and learn good manners.

We invite you to visit our blog and comment.

Thanks for your prayers  
Larry and Alma Owens

Rodrigo was taking drugs  
but God rescued  
him, got saved  
and now he is in  
the seminar.

This lady witnessed and discipled this young lady

Now she is studying in the seminar
